### *Focus on active learning!*

Dear colleagues,  
Dear friends,

It is our great pleasure to welcome you this year in Athens, Greece for LIVE 2014-Leading Innovative Vascular Education, the annual international meeting of the Institute of Vascular Diseases held every year in Greece. LIVE 2014 is organized in collaboration with the Hellenic Society of Vascular and Endovascular Surgery (HSVS) and the Stony Brook University, Medical Center New York, USA.

Committed to its main aim, LIVE 2014 symposium is formed to be attractive and towards the needs of young researchers-trainees, appropriate to share knowledge and experience on current evidence. It will give participants the opportunity to learn and keep updated from world renowned experts, to contribute to an open dialogue about all up to date technology advances regarding diagnosis and management of vascular pathologies. The successful format for communication and discussion included in all sessions will help to disseminate knowledge from experienced and introduce the newcomers.

The European Society for Vascular Surgery (ESVS) embraces LIVE 2014 programme with two pre-symposiums courses (course I is formed by two workshops). The programme also incorporates oral, & e-poster presentations sessions, multiple scientific sessions, 8 lectures by experts, lunch sessions (with difficult case scenarios), debates with voting by the audience and two special sessions for vascular nursing and vascular anaesthesia.

We cannot be but grateful to ESVS administration for their support, to all those who worked for the organization and realization of LIVE 2014, to all invited faculty, Greek and foreign.

Thank you for being here with us in Athens. Let LIVE 2014 be a great chance for learning something new, presenting personal works and experience, making new and strengthen old friendships. Enjoy your stay!

LIVE 2014 Directors,  
A. Giannoukas, A. Katsamouris,  
N. Labropoulos, M. Lazarides, M. Matsagkas,  
D. Tsetis, I. Tsolakis

### Organized by

---

### Official Language

---

The official language of LIVE 2014 is **English**.

Simultaneous translation (interpretation) is not provided.

### Official Website

---

Find LIVE 2014 at **[www.live2014.gr](http://www.live2014.gr)**.

Contact: **[info@live2014.gr](mailto:info@live2014.gr)** & **[admin@live2014.gr](mailto:admin@live2014.gr)**

Newsletter: If you wish to receive information and news about future LIVE symposiums or/and relative vascular courses/congresses, you may subscribe in the Keep me Updated Subscription Form available on the website.

### Institute of Vascular Diseases (IVD), Greece

---

Find all useful information about Institute of Vascular Diseases (IVD) and its action at the official website **www.ivd.gr**. To be updated about IVD future congresses/courses, register for its Newsletter.

### Halls & Sessions

---

Main Hall: **MACEDONIA**

Parallel Sessions Hall: **PELLA-MYCENAE**

- *Pre-Symposium Course II*
- *E-Poster Presentations*
- *Vascular Nursing Session*

### Exhibition & Draw

---

LIVE 2014 is accompanied by an exhibition where pharmaceutical and/or equipment/device industries will display relevant products and therapeutic developments. The exhibition forms an integral component of the symposium giving the exhibitors the opportunity to promote their activities, research and technologies.

#### ***Visit the exhibition and take part in the prize Draw!***

We invite you all to catch a glimpse of the industries' latest developments. Visit the exhibition stands, collect **one stamp from each stand** (on the special card which you will find in your bag) and get a chance to be the winner of the special LIVE 2014 prize draw, that will take place during the **Closing Ceremony on Saturday, May 24, 2014 (17:45-18:30)**.

Be all there!

Be the winner of a(n):

- ✓ iPad
- ✓ Mobile hard disk drive (1TB)
- ✓ Free registration and accommodation for LIVE 2015 symposium to be held on May 21-23, 2015 in Heraklion Crete, Greece

### Internet Corner(s) - E-Library

---

At the exhibition area, there will be "Internet Corner(s)", where registered participants will be able to use the available **laptops** for their work and for free access to internet.

On the desktops participants will also find the:

- **LIVE 2014 Abstract Book (PDF)**  
(Oral & E-Poster Presentations)
- **Final Programme (PDF)**
- **Invited Faculty Presentations (PDF)\***
- PPT templates
- other files with useful information

#### **\* PPT Presentations Publishing (applies to Invited Speakers)**

In the framework of the educational character of the symposium, LIVE 2014 Directors are willing to provide all registered participants with the PPTs of all, if possible, invited presentations (in non-editable PDF format) included in the scientific programme. Therefore, by the end of scientific programme of each day, presentations of passed sessions will be published on the available laptops at the Internet Corners, in order participants to be able to view and download them. This will assure that all participants will get the most value from your presentations!

Due to the importance of your presentation, we must have your **permission** to publish it in this specific area (see also the guidelines below).

### (Barcode) Name Badge - Scanning (mandatory)

---

All Participants upon confirmation of their registration at the Secretariat will be provided with **a unique Barcode Name Badge**, which must be **scanned**, in order to record CME Credits for their attendance.

*Your personal name badge is your passport to all scientific sessions and the exhibition area. You are required to wear your badge (visibly) during all sessions. Make sure you will not forget to take always with you this unique name badge.*

It must be clearly understood that barcode badges must be scanned **before entering AND after exiting** the session Halls (in order the exact duration of attendance to be recorded).

#### Remember

**Scan your badge to record your attendance!  
No scanned badges - No credits!**

### Notes:

- Barcode name badge already used for recording credits of attendance cannot be replaced with a second badge (as credits will not be allocated properly).
- Name badges are also necessary to be returned to the Secretariat for receiving the Certificate(s) of Attendance.
- Time slots for satellite sessions and breaks cannot be recorded

### Also note:

According to the Regulation of the **Greek National Organization of Medicines**, participation **for at least of 60%** of the total duration of the scientific programme must be secured and recorded!

## Certificate of Attendance

---

All registered participants are entitled to receive a **Certificate of Attendance**. The Certificate will be issued only upon return of the name badge and the Evaluation Form (completed) at the Secretariat desk onsite by the end of the Symposium.

Participants, who will register for and participate in the Pre-Symposium Courses or/and the Vascular Nursing Session will also be entitled to receive the Relative Certificates (after completion).

**Note:** Accredited Certificates with CME Credits will be mailed **after** the symposium.

## Evaluation Form (mandatory)

---

All participants by the end of the Symposium will be requested to complete and deliver to the Secretariat a relative Evaluation Form (anonymous) as feedback of their experience during the symposium. Official Feedback Report (based on participants' opinion) is required by the EACCME (European Accreditation Council for Continuing Medical Education-UEMS) in the framework of the symposium's accreditation (with CME Credits).

## Receipts and Invoices

---

Receipts and Invoices for Registration, Accommodation & other expenses paid to Conferre Ltd for individual services will be provided to participants during the Symposium by the Secretariat, upon request.

Invoices to companies will be issued and sent after the symposium.

### Liability and Insurance

---

The Organizers as well as the Organizing-Administrative Bureau of LIVE 2014 will assume no liability for injuries or losses of any nature incurred by participants and/or accompanying persons, or for the damage, loss or theft of their personal property during the Symposium. Participants are advised to take out their own health, travel and personal insurances.

### Mobile Phones

---

Everyone is requested to switch off his/her mobile phone while in session Halls.

### Technical Support Personnel

---

The technical support personnel will be operating during the sessions of the scientific programme outside the session Halls in order to assist speakers/presenting authors with their Presentations.

### Organizing-Administrative Bureau/Secretariat

## Registration for the Symposium

### REGISTRATION FEES (euro incl. VAT 23%)

Registration Category	Onsite Registration
Doctors <sup>1</sup>	200,00 €
Trainees <sup>1</sup>	Free
Nursing Staff <sup>2</sup>	Free
Anaesthesiologists <sup>3*</sup>	Free
Students <sup>4</sup>	Free

#### 1. Registration Fee for Doctors and Trainees includes:

- Admission to the main Scientific Sessions
- Admission to the exhibition
- Symposium Material (badge, delegate bag, final programme, etc)
- Certificate of Attendance
- Coffee breaks and lunches during the Symposium
- Opening Ceremony and Welcome Reception

#### 2. Registration Fee for Nursing Staff includes:

- Admission to the Vascular Nursing Session on Saturday, May 24th, 2014
- Admission to the exhibition
- Certificate of Attendance

#### 3. Registration Fee for Anaesthesiologists (Free) includes:

- Admission to the Session "Hot Topics in Vascular Anaesthesia" on Saturday, May 24th 2014
- Admission to the exhibition
- Certificate of Attendance

*\* Free Registration will be valid for anaesthesiologists who will only attend the session "Hot Topics in Vascular Anaesthesia". Participation in all scientific sessions and social events will be subjected to a registration fee.*

#### 4. Registration Fee for Students includes:

- Admission to the main Scientific Sessions
- Admission to the exhibition
- Certificate of Attendance

### Registration for the Pre-Symposium Courses

#### PRE-SYMPOSIUM COURSE I

*Jointly organized with the ESVS (European Society for Vascular Surgery)*

**Management of Venous Thrombosis, Chronic Obstruction and Endovenous VVs ablation**  
**Thursday, May 22, 2014**

**09.00-16.00 hrs**

**Convenor: Cees Wittens (The Netherlands)**

*The Pre-Symposium Course I is consisted of 2 parts:*

**Part I: Workshop Varicose Veins diagnostics and treatment**

Hours: **09.00-12.00**

Registration Fee (euro/incl. VAT 23%): **€50,00 (for Doctors & Trainees)**

Max participants: **36 pax**

**Part II: Workshop DVT and DVO diagnostics and treatment**

Hours: **13.00-16.00**

Registration Fee (euro/incl. VAT 23%): **€50,00 (for Doctors & Trainees)**

Max participants: **36 pax**

*Participants may register for both parts (100.00€) or separately (50.00€ for each).*

#### PRE-SYMPOSIUM COURSE II

*Endorsed by the ESVS (European Society for Vascular Surgery)*

**Carotid Endarterectomy and Carotid Artery Stenting. A detailed approach**  
**Thursday, May 22, 2014**

**09.30-16.00 hrs**

**Convenors: John Wolfe (UK), Lazar Davidovic (Serbia), Miltiadis Matsagkas (Greece)**

Registration Fee (euro/incl. VAT 23%): **Doctors: €100,00 , Trainees: €50,00**

Limited number of participants

#### Important Notes for the Pre-Symposium Courses:

- **ONLY** doctors & trainees are entitled to participate.
- PRE-REGISTRATION is required.
- Registration for the Symposium does not presuppose registration for the Pre-Symposium Courses.
- Registrations will be honored on a first-come first-served space available basis.
- Registrations will be accepted until the maximum number of participants (of each) is reached.

### European Union of Medical Specialists

EACCME - European Accreditation Council for Continuing Medical Education Institution of the UEMS  
Avenue de la Couronne 20, B-1050, Brussels

T: +32 2 649 5164 | F: +32 2 640 37 30 | E: [accreditation@uems.net](mailto:accreditation@uems.net)

The Institute of Vascular Diseases (IVD), Greece (or) LIVE 2014 - Leading Innovative Vascular Education' is accredited by the European Accreditation Council for Continuing Medical Education (EACCME) to provide the following CME activity for medical specialists. The EACCME is an institution of the European Union of Medical Specialists (UEMS), [www.uems.net](http://www.uems.net).

The LIVE 2014 - Leading Innovative Vascular Education is designated for a maximum of (or for up to) **16 hours** of European external CME credits.

Each medical specialist should claim only those hours of credit that he/she actually spent in the educational activity.

### AMA recognized credits

---

Through an agreement between the European Union of Medical Specialists and the American Medical Association, physicians may convert EACCME credits to an equivalent number of AMA PRA Category 1 Credits™. Information on the process to convert EACCME credit to AMA credit can be found at [www.ama-assn.org/go/internationalcme](http://www.ama-assn.org/go/internationalcme).

Live educational activities, occurring outside of Canada, recognized by the UEMS-EACCME for ECMEC credits are deemed to be Accredited Group Learning Activities (Section 1) as defined by the Maintenance of Certification Program of The Royal College of Physicians and Surgeons of Canada.

### Allocation of CME Credits

---

Each medical specialist should claim only those hours of credit that he/she actually spent in the educational activity. The EACCME credit system is based on **1 ECMEC per hour with a maximum of 3 ECMECs for half a day and 6 ECMECs for a full-day event.**

### A. For PPT Presentations (*applies to all presenters*)

---

#### **PPT Format (OPTIONAL)**

All presenters were encouraged to use one of the official LIVE 2014 templates in order to provide a uniform look to their presentation (ppt templates will also be available on the internet corners for any use).

#### **Formal Requirements**

**Language:** All presentations have to be given in **English** (as the official language of the symposium is English and no simultaneous translation will be provided).

**Advertising:** Advertising of products is **prohibited**. Be sure your slides are free of any commercial bias (eg company names or logos).

**Patient anonymity:** Kindly make sure that no patient names or any other information allowing the identification of a patient appear in your presentation.

**Copyright reserved:** It is the author's responsibility to ensure that any part of the slide show (figures, tables, images, etc.) is free of any third party right.

#### **Technical Requirements**

##### - **Preparation**

**Format:** preferable format is MS PowerPoint (ppt or pps).  
*Macintosh presentations will be accepted\*.*

**Versions:** up to MS PowerPoint 2010.

**Saving of files:** For onsite upload, the presentation has to be saved on a USB flash (recommended), CD-ROM or DVD-ROM.

**Video clips:** If you are using embedded video clips in your presentation, please remember to also have the video clips in a separate file (not only in the presentation).

**Fonts & character:** To avoid any possible compatibility problems, it is preferable not use any special fonts or special characters.

##### - **Onsite presentation**

You are kindly requested to deliver your presentation(s) to the technical support personnel at least **one (1) hour before the beginning of the Session** (in order to ensure on time they run smoothly and to be able of making any possible changes). If the presentation is scheduled early in the morning, you are kindly requested to check your presentation with the technical support personnel the day before.

Your PPT presentation will be made available in the lecture hall via computer network. There will be no possibility to connect your personal laptop in the lecture hall, due to very restricted timeslots (row of the presentations).

The Hall will be equipped with the following:

- LCD projector with remote control (operated by presenter - no mouse will be available)
- Screen & Lighted pointer
- Podium mounted microphone
- Audience aisle microphones

It is very important to respect the flow of the session and the exact time available for each presentation and therefore you are requested to be consistent with the time slots. It is advisable to rehearse your presentation prior to the meeting to ascertain that the **time is not exceeded**.

### ***\*To the attention of Mac users:***

Please make sure to come with the suitable adapter and to also have a backup PPT for PC.

You are kindly requested to meet with the technical support personnel at least **two (2) hours before the beginning of the session**, in order to assure compatibility (or backup solutions).

### ***B. Time Slots (applies to Chairmen/Moderators)***

---

The profile of LIVE 2014 is mainly **educational**, focusing on providing high quality continuing education by the presentation of the latest significant advances in the area of vascular diseases and encouraging the interaction and open discussion between speakers and participants.

As a chairman or Moderator, you should ensure the smooth progress of the session, time management as well as encourage discussion and interaction between presenters and the audience by allowing sufficient time for questions from the audience.

In order to be helped, a **timer** will be running on the screen along with the presentation. After a warning (before the last minute of the presentation) the projection will be stopped and you will have to ask from the presenter to conclude. By the end of each session you will call all presenters to the panel in order to start the discussion.

### C. Conflict of Interest Disclosure (*applies to all invited faculty*)

It is the policy of the European Accreditation Council for Continuing Medical Education (EACCME) to ensure that all Live Education Events (LEEs) that receive accreditation will be balanced, independent, objective, scientifically rigorous and in the best interest of patient care. Thus, in compliance with UEMS guidelines, speakers/chairmen participating in LIVE 2014 are **strictly requested** to disclose or indicate potential conflicts of interest (with LIVE2014 sponsors) that might cause a bias. More specifically:

*(Essential criterion)*

*In accordance with criterion 27 of document UEMS 2012/30 "Accreditation of Live Educational Events by the EACCME", the Provider must ensure that all members of the Faculty will provide written declarations of potential or actual conflicts of interest. These declarations must be made publicly available (either in printed form or in electronic form on the website of the organiser of the LEE). The EACCME® considers it a responsibility of the head of the Scientific and/or Organising Committee to ensure that actual conflicts of interest are resolved. The EACCME® has provided a template, available on the EACCME® website, that provides a guide as to what information must be declared. These declarations must be retained for at least one year after the event for potential review by the EACCME®.*

Therefore you are requested (if not already done) to:

1. Advise the LIVE2014 sponsors file
2. Declare any potential or actual conflict of interest regarding the above sponsors and topics of the presentation (s)
  - at the Second Slide of your PowerPoint Presentation (if speaker)
  - or orally at the beginning of the session (if chairman etc)
3. Complete and return the COI Disclosure Form (available at the Secretariat)

*The existence of potential conflicts of interest does not necessarily indicate a bias. However it is your ethical obligation to inform organisers and participants so that they are made aware of any relationship with the sponsors that might cause unintentional bias. A potential conflict of interest may arise from various relationships, past or present, such as employment, consultancy, funding for research, investments, family relationship etc.*

### D. PPT Presentations Publishing - Permission (applies to Invited Speakers)

---

According to the LIVE 2014 Directors' willingness, by the end of scientific programme of each day, presentations of passed sessions will be published (in non-editable PDF format) on the Laptops (Desktops) at the Internet Corners, in order participants to be able to view and download them.

Due to the importance of your presentation we would like to request for your **written permission** to publish it in this specific area. We guarantee that the file cannot, at any time, be modified or used for any other reason. Obviously we will be very glad to eliminate any slides that you indicate, from the presentation itself, just so it remains valid.

Due to legal reasons, LIVE 2014 organization cannot be held responsible for any of the materials included in your presentation. It is of your responsibility to ensure that any part of the slide show (figures, tables, images, etc.) is free of any third party right (copyright permission and the right to republish scientific information). Due to the importance of your presentation, we must have your permission to publish it in this specific area.

You are also requested to inform the Technical Support Personnel, when delivering your presentation(s), in case you do not wish or not agree your presentation(s) to be in participants' disposal for downloading if there is no written permission.

## Oral & E-Poster Presentations (*parallel sessions*)

Please note that all submitted abstracts were reviewed by an independent abstract **Review Committee** that was blinded in regard of authors' names and affiliations. The review, evaluation and final acceptance was based on the **best scoring** as far as work's scientific/clinical importance, results/conclusions & originality is concerned.

### For the Presentation

---

All presenters are kindly requested to provide their presentations (**PowerPoint format in a USB-flash/disk/CD-ROM**) to the technical support personnel at least one (1) hour before the beginning of the Session (*in order to ensure on time their presentations run smoothly and to be able of making any possible changes*).

### Duration

---

#### Oral Presentations (*12 min in total*)

Each oral presentation should not exceed **8 minutes**. It will be followed by **4 minutes discussion**.

#### E-Poster Presentations (*5 min in total*)

Each e-poster presentation should not exceed **3 minutes**. It will be followed by **2 minutes discussion**.

*Presenters need to be strictly consisted with the time slots and to respect the flow of the scientific programme.*

E-Poster Presentations (ppt format), after completion of the e-Poster Session and for the whole duration of the scientific programme of LIVE 2014, will be also **displayed on two Screens** available at the exhibition area (according to the order presented).

### Awards

---

**During the Opening Ceremony, the best Oral & the best E-Poster Presentations will be AWARDED** by an independent scientific Award Committee (on the basis of scientific merit of authors' works and presentations).

*Presenters should bear in mind that their presence during the Opening Ceremony is required for the award nomination procedure.*

### Abstract Book

---

All oral & e-poster presentations of LIVE2014 will be included in the symposium Abstract Book.

Thursday, May 22<sup>nd</sup>, 2014

08:30 Registration

MACEDONIA HALL

*Parallel Session*

09:00-16:00 PRE SYMPOSIUM COURSE I

**Management of Venous Thrombosis,  
Chronic Obstruction and Endovenous  
VVs ablation**

*Jointly organized with the  
European Society for Vascular Surgery (ESVS)*

Convenor: **Cees Wittens (The Netherlands)**

*for programme see pages 36-37*

PELLA - MYCENAE HALL

*Parallel Session*

09:00-16:00 PRE SYMPOSIUM COURSE II

**Carotid Endarterectomy and Carotid  
Artery Stenting. A detailed approach**

*Endorsed by the  
European Society for Vascular Surgery (ESVS)*

Convenors: **John Wolfe (UK),**

**Lazar Davidovic (Serbia),**

**Miltiadis Matsagkas (Greece)**

*for programme see pages 38-39*

**16:00-16:30 Break - Visit of the exhibition area**

MACEDONIA HALL

*Parallel Session*

16:30-18:30 ORAL PRESENTATIONS SESSION

Chairmen: **Ioannis Kakisis (Greece),  
Thomas Kotsis (Greece)**

Review Committee:

**Nicos Labropoulos (USA),**

**Mark Meissner (USA),**

**Martin Veller (South Africa)**

Award Committee:

**Lazar Davidovic (Serbia),**

**Mark Meissner (USA),**

**Martin Veller (South Africa)**

*for programme see pages 40-42*

**Thursday, May 22<sup>nd</sup>, 2014****PELLA - MYCENAE HALL***Parallel Session***16:30-18:15 e-POSTER PRESENTATIONS SESSION**

Chairmen: **Sotirios Georgopoulos (Greece),  
Konstantinos Filis (Greece)**

Award Committee:  
**Franco Grego (Italy),  
Natzi Sakalihan (Belgium),  
Gabriel Szendro (Israel)**

*for programme see pages 43-47*

**18:30-18:40 Report from the recipient of the 2013 Travelling Fellowship Award**

Chairmen: **Asterios Katsamouris (Greece),  
Ioannis Tsolakis (Greece)**

Award Recipient: **Nikolaos Roussas (Greece)**

**18:40-19:00 LECTURE I**

**Aneurysms sac embolization during  
EVAR to prevent endoleak type II:  
a randomized trial**

Chairmen: **Ioannis Tsolakis (Greece),  
Miltiadis Matsagkas (Greece)**

Invited speaker: **Franco Grego (Italy)**

**19:00-19:20 LECTURE II**

**Advances in the optimal management of  
aortic trauma**

Chairmen: **Chrysostomos Maltezos (Greece),  
Nikolaos Bessias (Greece)**

Invited speaker: **Martin Veller (South Africa)**

**19:20-19:40 LECTURE III**

**Current trends in health economics:  
under which circumstances the crisis  
can become an opportunity**

Chairmen: **Asterios Katsamouris (Greece),  
Konstantinos Katsenis (Greece)**

Invited speaker: **Apostolos Pappas (Greece)**

**19:40-20:00 Break****20:00-21:00 OPENING CEREMONY**

*Welcome Message from LIVE 2014 Directors  
Greetings - Official Opening  
Travelling Fellowship Award  
Presentations Awards*

**21:00 Welcome Reception**

*Hall Horizon Divani Caravel Hotel*

**MACEDONIA HALL**

**09:00-10:45 SCIENTIFIC SESSION I**

**Venous thromboembolism & chronic venous disease**

Moderators: **Spyros Vasdekis (Greece), George Geroulakos (UK)**

- 09:01-09:08 Treatment of reflux affecting both saphenous veins  
**Nicos Labropoulos (USA)**
- 09:09-09:16 Long term data for endovenous thermal ablation  
**Dimitrios Kontothanassis (Italy)**
- 09:17-09:24 Critical analysis on the treatment of perforator vein reflux  
**Cees Wittens (The Netherlands)**
- 09:25-09:32 Is elastic compression after VVs endothermal ablation necessary?  
**Mark Meissner (USA)**
- 09:33-09:40 Current management of iliofemoral DVT  
**Anthony Comerota (USA)**
- 09:41-09:48 Complications of IVC filters  
**Apostolos Tassiopoulos (USA)**
- 09:49-09:56 Treatment of chronic vein obstruction  
**Antonios Gasparis (USA)**
- 09:57-10:04 How to treat isolated calf deep vein thrombosis?  
**Stavros Kakkos (Greece)**
- 10:05-10:12 Update on new oral anticoagulants  
**Mark Meissner (USA)**
- 10:13-10:20 What need to be changed in the last ACCP guidelines?  
**Anthony Comerota (USA)**
- 10:21 - 10:45 *Discussion*

**10:45-11:15 Break - Visit of the exhibition area**

Friday, May 23<sup>rd</sup>, 2014

MACEDONIA HALL

**11:15-12:05 SCIENTIFIC SESSION II**

**Forum on the current and future patterns of vascular disease management around the world**

Moderators: **Franco Grego (Italy),  
Johannes Lammer (Austria)**

11:16-11:25 Surveillance after EVAR is so inefficient! Is there a subgroup of patients that do NOT need any follow-up after EVAR?

**Hence Verhagen (The Netherlands)**

11:26-11:35 Branched grafting for acute/ruptured TAAA: does it work?

**Eric Verhoeven (Germany)**

11:36-11:45 Tumescentless techniques for the treatment of venous diseases

**Steve Elias (USA)**

11:46-12:05 *Discussion*

**12:05-12:25 LECTURE IV**

**Development of carotid endarterectomy from inception to present**

Chairmen: **Lazar Davidovic (Greece),  
Konstantinos Katsenis (Greece)**

Invited speaker: **Wesley Moore (USA)**

**12:25-12:45 LECTURE V**

**Arterial wall mechanics using a constituent-based modeling approach**

Chairmen: **Asterios Katsamouris (Greece),  
Nicos Labropoulos (USA)**

Invited speaker: **Nikolaos Stergiopoulos (Switzerland)**

Friday, May 23<sup>rd</sup>, 2014

MACEDONIA HALL

**12:45-13:30 SCIENTIFIC SESSION III****LIVE meets the Greek Vascular Surgeons in Germany**Moderators:**Konstantinos Papazoglou (Greece),  
Georgios Pitoulis (Greece)**

12:46-14:55 Early clinical experience and applicability of the first off-the-shelf branched device (t-branch) in the treatment of pararenal and thoraco-abdominal aortic aneurysms  
**Theodosios Bisdas (Germany)**

14:56-13:05 Fenestrated and branched endografting of post-dissection thoraco-abdominal aortic aneurysms  
**Kyriakos Oikonomou (Germany)**

13:06-13:15 Clinical experience after 100 chimney cases for pararenal aneurysms: "Lessons learned"  
**Konstantinos Donas (Germany)**

13:16-13:30 *Discussion*

**13:30-13:55 Break***(Lunch boxes available at the exhibition area)***13:55-14:40 LUNCH SESSION I****How I do it?**Moderators:**Miltos Lazarides (Greece),  
Dimitrios-Solon Georgopoulos (Greece)**

13:56-14:05 Branched grafts for the treatment of TAAA: tips and tricks  
**Eric Verhoeven (Germany)**

14:06-14:10 *Discussion*

14:11-14:20 Eversion Endarterectomy: Tips and tricks  
**Domenico Palombo (Italy)**

14:21-14:25 *Discussion*

14:26-14:35 Minimalisation of surgery for carotid artery stenosis  
**Wilhelm Sandmann (Germany)**

14:36-14:40 *Discussion*

Friday, May 23<sup>rd</sup>, 2014

14:40-15:40 SATELLITE SYMPOSIUM

*Industry - Sponsored*

*for programme see page 48*

15:40-16:00 DEBATE I

**Pararenal aortic pathologies should be treated by fenestrated endografts than chimneys**

Moderators: **Christos Gitas (Greece),  
Vasilios Tzilalis (Greece)**

15:41-15:42 *The audience is voting*

15:43-15:50 For the motion:  
**Athanasios Katsargyris (Germany)**

15:51-15:58 Against the motion:  
**Konstantinos Donas (Germany)**

15:59-16:00 *The audience is voting*

16:00-16:15 LECTURE VI

**The neglected chances to treat patients with DVT, inferior vena cava thrombosis and anomalies: why is reconstructive venous surgery a stepchild of vascular diseases management?**

Chairmen: **Christos Klonaris (Greece),  
Prodromos Papapavlou (Greece)**

Invited speaker: **Wilhelm Sandmann  
(Germany)**

16:15-16:30 LECTURE VII

**EVLT and phlebectomies versus ultrasound guided foam sclerotherapy. Early and intermediate results of a randomised controlled trial**

Chairmen: **Gabriel Szendro (Israel),  
Georgios Kopadis (Greece)**

Invited Speaker: **George Geroulakos (UK)**

16:30-17:00 SATELLITE LECTURE

*Industry - Sponsored  
for programme see page 49*

**17:00-19:00 COURSE**

**Sizing and Planning for Endovascular Branched, Fenestrated and Parallel grafts in treating complex abdominal aneurysmal disease**

*Theoretical teaching on sizing and planning endovascular repair for complex abdominal aneurysmal disease using branched, fenestrated and parallel grafts*

Course Directors:

**Eric Verhoeven (Germany),  
Hence Verhagen (The Netherlands),  
Miltiadis Matsagkas (Greece)**

MACEDONIA HALL

17:01-17:30 Things that are essential to know, for sizing and planning for branched and fenestrated grafts in the thoracoabdominal aorta. Case presentation

**Eric Verhoeven (Germany)**

17:31-18:00 Sizing and planning for chimneys in renal and splanchnic arteries. Case presentation

**Konstantinos Donas (Germany)**

18:01-18:30 Sizing and planning for branched and parallel grafts in treating aneurysmal iliac arteries. Case presentation

**Miltiadis Matsagkas (Greece)**

18:31-19:00 *General Discussion*

**Saturday, May 24<sup>th</sup>, 2014****MACEDONIA HALL****09:00-10:40 SCIENTIFIC SESSION IV****All about thoracic and abdominal aorta***Jointly organized with the  
European Society for Cardiovascular  
& Endovascular Surgery (ESCVS)***Moderators: Domenico Palombo (Italy),  
Miltiadis Matsagkas (Greece)**09:01-09:10 Branched TEVAR: Lessons learnt from the results  
in 170 patients**Eric Verhoeven (Germany)**09:11-09:20 Does evidence support TEVAR in  
uncomplicated acute type dissections?**Johannes Lammer (Austria)**09:21-09:30 Should young patients with AAA receive  
open surgery and not EVAR?**Apostolos Tassiopoulos (USA)**09:31-09:40 The influence of severe neck thrombus on  
clinical outcome and aneurysm  
morphology after EVAR**Hence Verhagen (The Netherlands)**09:41-09:50 Can PET-CT predict the outcome of the AAA  
after EVAR?**Natzi Sakalihan (Belgium)**09:51-10:00 Management of non-degenerative  
aneurysms (HIV, Takayasu's, Intimo-medial  
mucoid degeneration)**Martin Veller (South Africa)**10:01-10:10 Endovascular solutions for the internal iliac  
preservation during EVAR, the "SOROKA"  
experience**Gabriel Szendro (Israel)**10:11-10:40 *Discussion***PELLA - MYCENAE HALL***Parallel Session***09:00-13:30 VASCULAR NURSING SESSION***The session applies only to Greek participants**for programme see pages 50-51*

Saturday, May 24<sup>th</sup>, 2014

10:40-11:00 Break - Visit of the exhibition area

11:00-12:00 SCIENTIFIC SESSION V

**Complications in the era of aortic endovascular treatment**

Moderators: **Martin Veller (South Africa),  
Theodosios Perdikides (Greece)**

11:01-11:10 Reintervention following AAA repair:  
A 15 year experience  
**Anthony Comerota (USA)**

11:11-11:20 How to avoid complications in endovascular  
management of visceral artery aneurysms  
**Miltiadis Krokidis (UK)**

11:21-11:30 EVAR for ruptures reduces mortality as well  
as frequency and severity of complications  
**Hence Verhagen (The Netherlands)**

11:31-11:40 Fenestrated EVAR/Branched EVAR after  
previous open surgery or EVAR  
**Eric Verhoeven (Germany)**

11:41-12:00 *Discussion*

12:00-12:20 DEBATE II

**Eversion endarterectomy as compared  
to standard patch endarterectomy  
produces better results**

Moderators:  
**Alexandros Gougoulakis (Greece),  
Vassilios Papavassiliou (Greece)**

12:01-12:02 *The audience is voting*

12:03-12:10 For the motion: **Lazar Davidovic (Serbia)**

12:11-12:18 Against the motion: **John Wolfe (UK)**

12:19-12:20 *The audience is voting*

MACEDONIA HALL

12:20-12:40 SATELLITE LECTURE

*Industry - Sponsored*

*for programme see page 49*

**12:40-14:00 SCIENTIFIC SESSION VI**

**Peripheral arterial disease and diabetic foot**

Moderators: **Ioannis Tsolakis (Greece),  
Dimitrios Tsetis (Greece)**

12:41-12:50 Which is the optimal endovascular treatment for SFA long occlusions?  
**Johannes Lammer (Austria)**

12:51-13:00 Distal bypass with saphenous vein is superior to angioplasty in patient with CLI  
**Martin Veller (South Africa)**

13:01-13:10 New developments in the endovascular treatment of infrapopliteal arterial disease  
**Dimitrios Karnabatidis (Greece)**

13:11-13:20 Angiosomes of the foot and angiosome-dependent healing of diabetic foot ulcers  
**Andreas Lazaris (Greece)**

13:21-13:30 Does endovascular treatment provides better results as compared to by-pass surgery in diabetic patients?  
**Christos Karkos (Greece)**

13:31-13:40 High on-treatment platelet reactivity in peripheral endovascular procedures  
**Stavros Spiliopoulos (Greece)**

13:41-14:00 *Discussion*

**14:00-14:15 Break**  
*(Lunch boxes available at the exhibition area)*

Saturday, May 24<sup>th</sup>, 2014**14:15-15:45 LUNCH SESSION II****Difficult case scenarios**

Moderators: **Anthony Comerota (USA),  
Miltiadis Matsagkas (Greece)**

- 14:16-14:24 **Case 1:** Management of mycotic aneurysms of the external iliac artery after percutaneous cardiac intervention  
**George Kouvelos (Greece),  
Miltiadis Matsagkas (Greece)**
- 14:25-14:30 *Discussion*
- 14:31-14:38 **Case 2:** Technical challenges with Ovation stent-graft  
**Dimitrios Tsetis (Greece)**
- 14:39-14:45 *Discussion*
- 14:46-14:53 **Case 3:** Unusual treatment of EVAR complications: presentation of 2 cases  
**Dimitrios Karavias (Greece),  
Ioannis Tsolakis (Greece)**
- 14:54-15:00 *Discussion*
- 15:01-15:08 **Case 4:** IVC Resection and Reconstruction for extensive Leiomyomatosis  
**Alexandros Gougoulakis (Greece)**
- 15:09-15:15 *Discussion*
- 15:16-15:23 **Case 5:** Treatment of a previous talent aortic bifurcated endograft that had migrated with chimney endografting  
**Stylianios Koutsias (Greece),  
Athanasios Giannoukas (Greece)**
- 15:24-15:30 *Discussion*
- 15:31-15:38 **Case 6:** Endovascular repair of endoleaks from both common iliac arteries in a patient with aorto-uni-iliac endograft and contralateral iliac plug  
**Ioannis Kakisis (Greece)**
- 15:39-15:45 *Discussion*

15:45-17:30 SCIENTIFIC SESSION VII

**Hot topics in Vascular Anaesthesia**

Moderators:

**Athanasios Giannoukas (Greece),**

**Eleni Arnaoutoglou (Greece)**

- 15:46-16:00 Preoperative assessment, intra- and perioperative care: What is the evidence that dedicated Vascular Anesthetists can improve outcomes?  
**Meryl Davis (UK)**
- 16:01-16:15 Prevention of spinal cord ischemia during TEVAR  
**Eleni Arnaoutoglou (Greece)**
- 16:16-16:30 What is the best anesthesia option for treating AAA patients with EVAR?  
**Theodosia Vogiatzaki (Greece)**
- 16:31-16:45 Is the presence of an anesthetist essential during carotid artery stenting?  
**Anastasia Alevizou (Greece)**
- 16:46-17:00 Intra and postoperative risks of peripheral arterial disease patients undergoing vascular operations  
**Angeliki Pantazi (Greece)**
- 17:01-17:30 *Discussion*

Saturday, May 24<sup>th</sup>, 2014

**17:30-17:45 LECTURE VIII**

**Maturation of autologous arteriovenous fistulae and timing of access surgery**

Chairmen: **Miltos Lazarides (Greece),  
Dimitrios Stamos (Greece)**

Invited Speaker: **Teun Wilmink (UK)**

**17:45-18:30 CLOSING CEREMONY**

**DISTINGUISHED LECTURE**

**Carotid endarterectomy versus carotid angioplasty: current status**

Chairmen: **Athanasios Giannoukas (Greece),  
Nicos Labropoulos (USA)**

Invited speaker: **Wesley Moore (USA)**

*Draw*

*Closing Remarks*

# Repositioning

*the Future of EVAR*

PERFORMANCE by design

FEATURING

**C3**

DELIVERY  
SYSTEM

## Repositioning = Control<sup>3</sup>

**3** controlled deployments of the proven GORE® EXCLUDER® Device.

**3** chances to maximize seal in the infrarenal aortic neck.

**3** opportunities to rotate the stent-graft for precise orientation.

## Reposition Your Expectations for EVAR

When facing a challenging infrarenal neck, don't settle for one 'controlled' deployment. Put yourself in the best position to succeed — put the confidence of the GORE® C3 Delivery System in your hands. And you will have not one, not two, but three opportunities to go beyond control — and reposition the future of EVAR.

# How do you make an endoluminal bypass easier?

LOWER PROFILE + LONGER LENGTH

## Introducing the newest evolution of the GORE® VIABAHN® Endoprosthesis

Now with a streamlined delivery profile and the longest stent graft available, GORE® VIABAHN® Endoprosthesis offers more options for endoluminal bypass.

- 6 Fr delivery profile for 5 and 6 mm, 7 Fr delivery profile for 7 and 8 mm devices
- 0.018" / 0.014" guidewire compatibility
- 25 cm length covers more lesion with one device
- Contoured proximal edge and PROPATEN Bioactive Surface

### 09:00-16:00 PRE SYMPOSIUM COURSE I

#### Management of Venous Thrombosis, Chronic Obstruction and Endovenous VVs ablation

*Jointly organized with the  
European Society for Vascular Surgery (ESVS)*

Convenor: **Cees Wittens (The Netherlands)**

**Faculty:** Nicos Labropoulos (USA), Anthony Comerota (USA),  
Antonios Gasparis (USA), Mark Meissner (USA),  
Dimitrios Kontothanassis (Italy), Louay Altarazi (Syria),  
Spyros Vasdekis (Greece), Ioannis Kakisis (Greece),  
Maria-Christina Papadopoulou (Greece),  
Roumiana Salta-Stankova (Greece)

### 09:00-12:00 **Part I: Workshop Varicose Veins diagnostics and treatment**

*Max participants: 36 pax.*

Station 1 Ultrasound

**Dimitrios Kardoulas (Greece)**

Station 2 Compression Therapy

**Maria-Christina Papadopoulou (Greece),  
Roumiana Salta-Stankova (Greece),  
Georgia Ambatziadou (Greece)**

Station 3 Foam Sclerotherapy and Ultrasound  
guided Vein Access

**Dimitrios Kontothanassis (Italy)**

New scleromouse approach in Pelvic  
Congestion Syndrome

**Louay Altarazi (Syria)**

Station 4 Endovenous procedures with laser  
(ELVeS RADIAL)

**Athanasios Giannoukas (Greece)**

Station 5 Endovenous procedures with RF (VNUS)

**Spyros Vasdekis (Greece)**

Station 6 Endovenous procedures ClariVein

**Steve Elias (USA)**

**12:00-13:00 Lunch Break**

**13:00-16:00 Part II: Workshop DVT and DVO diagnostics and treatment**

*Max participants: 36 pax.*

Station 1 Ultrasound DVT diagnostics  
**Nicos Labropoulos (USA)**

Station 2 Ambulatory Venous Compression  
**Maria-Christina Papadopoulou (Greece),  
Roumiana Salta-Stankova (Greece)**

Station 3 DVT treatment with AngioJet  
**Antonios Gasparis (USA)**

Station 4 Deep venous stenting  
**Cees Wittens (The Netherlands)**

Station 5 IVUS  
**Mark Meissner (USA)**

Station 6 IVC filters  
**Anthony Comerota (USA)**

#### 09:00-16:00 PRE SYMPOSIUM COURSE II

#### **Carotid Endarterectomy and Carotid Artery Stenting. A detailed approach**

*Endorsed by the  
European Society for Vascular Surgery (ESVS)*

Convenors: **John Wolfe (UK),  
Lazar Davidovic (Serbia),  
Miltiadis Matsagkas (Greece)**

**Faculty:** Alexandros Gougoulakis (Greece),  
Konstantinos Papazoglou (Greece), Andreas Lazaris (Greece),  
Dimitrios Tsetis (Greece), Kyriakos Ktenidis (Greece),  
Eleni Arnaoutoglou (Greece)

09:00-09:20 Registration

09:21-09:30 Introduction and Chair  
**John Wolfe (UK),  
Lazar Davidovic (Serbia),  
Miltiadis Matsagkas (Greece)**

09:31-09:45 CAS or CEA ? What is the evidence from the  
clinical trials?  
**Andreas Lazaris (Greece)**

09:46-10:00 Is there still room for CAS in treating carotid  
artery disease?  
**Konstantinos Papazoglou (Greece)**

10:01-10:15 Adequate imaging for treating carotid artery  
disease. Anatomical variability, preferences  
and limitations  
**Dimitrios Tsetis (Greece)**

10:16-10:30 Intra- and postoperative monitoring in carotid  
interventions  
**Eleni Arnaoutoglou (Greece)**

10:31-10:45 What is the best medical treatment during and  
after carotid interventions?  
**Miltiadis Matsagkas (Greece)**

10:46-11:00 *Discussion*

#### 11:01-11:20 Break

11:21-11:45 Carotid endarterectomy. Standard technique (video presentation)

**Alexandros Gougoulakis (Greece)**

11:46-12:10 Carotid endarterectomy. Eversion technique (video presentation)

**Lazar Davidovic (Serbia)**

12:11-13:00 Overview of CEA. Tips and tricks. Live demonstration on a carotid model

**John Wolfe (UK)**

13:01-13:20 *Discussion*

#### 13:21-14:00 Lunch Break

14:01-14:30 Choosing embolic protection device, stent and other material for performing CAS

**Kyriakos Ktenidis (Greece)**

14:31-15:20 CAS (video presentation). Tips and tricks. Live demonstration on a simulator

**Konstantinos Papazoglou (Greece)**

15:21-15:45 *Discussion*

15:46-16:00 Evaluation & Closing remarks

**John Wolfe (UK),**

**Lazar Davidovic (Serbia),**

**Miltiadis Matsagkas (Greece)**

*After the end of the course participants will have the opportunity if they want to be trained on two virtual reality simulators performing CAS (registration on-site)*

**OP01** 16:31-16:42

**A COMPARATIVE STUDY OF SUTURED VERSUS BOVINE PERICARDIUM MESH ABDOMINAL CLOSURE AFTER OPEN ABDOMINAL AORTIC ANEURYSM REPAIR**

<sup>1</sup> Ch. Bali, <sup>2</sup> G. Kouvelos, <sup>2</sup> J. Papakostas, <sup>1</sup> G. Georgiou, <sup>2</sup> S. Avgos, <sup>3</sup> E. Arnaoutoglou, <sup>3</sup> G. Papadopoulos, <sup>2</sup> M. Matsagkas

<sup>1</sup> *Department of Surgery, Medical School, University of Ioannina, Ioannina, Greece*

<sup>2</sup> *Department of Surgery, Vascular Surgery Unit, Medical School, University of Ioannina, Ioannina, Greece*

<sup>3</sup> *Department of Anesthesiology, Medical School, University of Ioannina, Ioannina, Greece*

**OP02** 16:43-16:54

**PACLITAXEL-COATED BALLOON ANGIOPLASTY VERSUS DRUG-ELUTING STENT DEPLOYMENT FOR THE TREATMENT OF LONG INFRAPOPLITEAL LESIONS: THE IDEAS RANDOMIZED CONTROLLED TRIAL (NCT01517997)**

<sup>1</sup> P. Kitrou, <sup>1</sup> S. Spiliopoulos, <sup>2</sup> K. Katsanos, <sup>1</sup> N. Christeas,

<sup>1</sup> M. Kyriakopoulou, <sup>1</sup> D. Siablis, <sup>1</sup> D. Karnabatidis

<sup>1</sup> *Radiology Department, Patras University Hospital, Patras, Greece*

<sup>2</sup> *Interventional Radiology, Guy's and St. Thomas Hospitals, NHS Foundation Trust, London, UK*

**OP03** 16:55-17:06

**LATE OPEN CONVERSION AFTER ENDOVASCULAR ABDOMINAL AORTIC ANEURYSM REPAIR**

G. Kouvelos, A. Koutsoumpelis, M. Matsagkas

*Department of Surgery-Vascular Surgery Unit, University of Ioannina, Ioannina, Greece*

**OP04** 17:07-17:18

**CHANGES OF ATMOSPHERIC PRESSURE AND AMBIENT TEMPERATURE ARE ASSOCIATED WITH THE RUPTURE OF ABDOMINAL AORTIC ANEURYSMS**

<sup>1</sup> G. Lampropoulos, <sup>2</sup> K. Kolokythas, <sup>3</sup> D. Karavias, <sup>2</sup> A. Argiriou,

<sup>1</sup> I. Tsolakis,

<sup>1</sup> *Department of Vascular Surgery, University Hospital of Patras, Greece*

<sup>2</sup> *Department of Physics, Laboratory of Atmospheric Physics, University of Patras, Greece*

<sup>3</sup> *Department of General Surgery, University Hospital of Patras, Greece*

OP05

17:19-17:30

**URINARY CYSTATIN C AS AN EARLY BIOMARKER OF ACUTE KIDNEY INJURY AFTER OPEN AND ENDOVASCULAR ABDOMINAL AORTIC ANEURYSM REPAIR**

<sup>1</sup> K. Pirgakis, <sup>2</sup> K. Makris, <sup>3</sup> I. Dalainas, <sup>4</sup> A. Lazaris, <sup>1</sup> Ch. Maltezos, <sup>3</sup> Ch. Liapis

<sup>1</sup> Department of Vascular Surgery, KAT General Hospital, Athens, Greece

<sup>2</sup> Clinical Biochemistry Department, KAT General Hospital, Athens, Greece

<sup>3</sup> Department of Vascular Surgery, Attikon Hospital, University of Athens, Greece

<sup>4</sup> Vascular Unit, 3rd Surgical Department, Attikon Hospital, University of Athens, Greece

OP06

17:31-17:42

**TICAGRELOR IN PATIENTS WITH CRITICAL LIMB ISCHEMIA AND HIGH ON-CLOPIDOGREL PLATELET REACTIVITY: INITIAL SINGLE-CENTRE EXPERIENCE**

<sup>1</sup> S. Spiliopoulos, <sup>2</sup> K. Katsanos, <sup>1</sup> G. Pastromas, <sup>1</sup> P. Kitrou, <sup>2</sup> A. Diamantopoulos, <sup>1</sup> D. Siablis, <sup>1</sup> D. Karnabatidis

<sup>1</sup> Department of Interventional Radiology, Patras University Hospital, Rio, Greece

<sup>2</sup> Department of Interventional Radiology, Guy's and St Thomas' Hospitals, NHS Foundation Trust, King's Health Partners, London, UK

OP07

17:43-17:54

**PLATELET ACTIVATION AFTER ENDOVASCULAR REPAIR OF ABDOMINAL AORTIC ANEURYSM**

<sup>1</sup> E. Arnaoutoglou, <sup>2</sup> G. Kouvelos, <sup>3</sup> G. Vartholomatos, <sup>2</sup> M. Matsagkas

<sup>1</sup> Department of Anesthesiology, Medical School, University of Ioannina, Ioannina, Greece

<sup>2</sup> Department of Surgery, Vascular Surgery Unit, Medical School, University of Ioannina, Ioannina, Greece

<sup>3</sup> Laboratory of Haematology, Unit of Molecular Biology, University Hospital of Ioannina, Greece

**OP08** 17:55-18:06

**FACTORS AFFECTING BASELINE URINARY NGAL LEVELS IN PATIENTS WITH ABDOMINAL AORTIC ANEURYSM**

<sup>1</sup> K. Pirgakis, <sup>2</sup> K. Makris, <sup>1</sup> G. Voulalas, <sup>1</sup> D. Siskos, <sup>1</sup> G. Kastrisios, <sup>1</sup> S. Giannakakis, <sup>1</sup> G. Papacharalampous, <sup>1</sup> Ch. Maltezos

<sup>1</sup> Department of Vascular Surgery, KAT General Hospital, Athens, Greece

<sup>2</sup> Clinical Biochemistry Department, KAT General Hospital, Athens, Greece

**OP09** 18:07 -18:18

**PRESERVATION OF INTERNAL ILIAC ARTERY DURING ENDOVASCULAR REPAIR OF ABDOMINAL ANEURYSMAL DISEASE**

<sup>1</sup> G. Kouvelos, <sup>1</sup> M. Peroulis, <sup>2</sup> E. Arnaoutoglou, <sup>1</sup> V. Bouris,

<sup>1</sup> S. Avgos, <sup>1</sup> D. Goudevenos, <sup>2</sup> G. Papadopoulos, <sup>1</sup> M. Matsagkas

<sup>1</sup> Department of Surgery, Vascular Surgery Unit, Medical School, University of Ioannina, Ioannina, Greece

<sup>2</sup> Department of Anesthesiology, Medical School, University of Ioannina, Ioannina, Greece

**OP10** 18:19 -18:30

**THE PREVALENCE OF ATRIAL FIBRILLATION DURING THE GREEK ECONOMIC CRISIS IN THE CARDIOLOGY DEPARTMENT OF A CENTRAL HOSPITAL IN ATHENS**

A. Samentzas, D. Papasaikas, D. Papadimitriou, V. Mountaki, A. Trikas

Cardiology Department, "Elpis" General Hospital, Athens, Greece

**ePP01**

16:31-16:35

**SIMULTANEOUS BILATERAL CAROTID ARTERY STENTING IN HIGH-RISK PATIENTS IS COST-SAVING WITH SLIGHTLY INCREASED MORBIDITY**

<sup>1</sup> S. Theodorou, <sup>1</sup> E. Kaperonis, <sup>1</sup> G. Galanopoulos, <sup>1</sup> Th. Konstantopoulos, <sup>1</sup> Ch. Karathanos, <sup>1</sup> D. Xanthopoulos, <sup>1</sup> K. Loupou, <sup>1</sup> S. Tsoupanos, <sup>2</sup> N. Zannes, <sup>1</sup> V. Papavassileiou  
<sup>1</sup> *Department of Vascular Surgery, General Hospital "Sismanogleio-A. Fleming", Marousi, Greece*  
<sup>2</sup> *Interventional Radiology Unit, Department of Radiology, General Hospital "Sismanogleio-A. Fleming", Marousi, Greece*

**ePP02**

16:36-16:40

**ACUTE UPPER AND LOWER LIMB ISCHAEMIA IN PATIENTS WITH ATRIAL FIBRILLATION HISTORY**

<sup>1</sup> A. Athanasoulas, <sup>2</sup> Ch. Argyriou, <sup>1</sup> K. Spanos, <sup>1</sup> V. Saleptsis, <sup>1</sup> N. Rousas, <sup>1</sup> A. Drakou, <sup>1</sup> S. Koutsias, <sup>1</sup> A. Giannoukas

**COMPARATIVE STUDY ON THE MECHANICAL BEHAVIOR OF POLYURETHANE PICCS**

<sup>1</sup> P. Poli, <sup>1</sup> A. Scocca, <sup>2</sup> F. Di Puccio, <sup>2</sup> L. Angelini, <sup>2</sup> E.-M. Calabrò

<sup>1</sup> Pain Therapy Unit, S. Chiara Hospital, Pisa, Italy

<sup>2</sup> Dpt. Civil and Industrial Engineering, University of Pisa, Italy

**Friday, May 23<sup>rd</sup>, 2014**

Bayer

14:40-15:40 SATELLITE SYMPOSIUM

**Antithrombotic Treatment with Rivaroxaban:  
What I need to know**

Chairmen:

**Athanasios Giannoukas**

*Professor of Vascular Surgery, School of Medicine,  
University of Thessaly, Larissa, Greece*

**Miltiadis Matsagkas**

*Associate Professor of Vascular Surgery, School  
of Medicine, University of Ioannina, Ioannina,  
Greece*

**Thromboprophylaxis following Total Hip or To-  
tal Knee replacement**

**Savas Sourmelis**

*Consultant Orthopaedic Surgeon, "HYGEIA" Hos-  
pital*

**Stroke Prevention in Atrial Fibrillation**

**Georgios Andrikopoulos**

*Cardiologist - Director of Cardiology Clinic, "Henry  
Dunant" Hospital*

**Treatment of acute symptomatic Venous  
Thromboembolism**

**Ioannis Kakisis**

*Associate Professor of Vascular Surgery, School of  
Medicine, University of Athens, Athens, Greece*

**Friday, May 23<sup>rd</sup>, 2014**

16:30-17:00 SATELLITE LECTURE

**Nellix demo case. Current clinical experience**

Chairmen:

**Miltiadis Matsagkas**

*Associate Professor of Vascular Surgery, School of Medicine, University of Ioannina, Ioannina, Greece*

**Nikolaos Saratzis**

*Associate Professor of Vascular Surgery, School of Medicine, "Aristotle" University of Thessaloniki, Thessaloniki, Greece*

Speaker:

**Dainis Krievins**

*Prof of Vascular Surgery, Professor of the Faculty of Medicine, University of Latvia*

**Saturday, May 24<sup>th</sup>, 2014**

12:20-12:40 SATELLITE LECTURE

**Anticoagulation Treatment of Superficial Vein Thrombosis**

Chairman:

**Ioannis Tsolakis**

*Professor of Vascular Surgery, School of Medicine, University of Patras*

Speaker:

**Stavros Kakkos**

*Assistant Professor of Vascular Surgery, School of Medicine, University of Patras*

**09:00-10:45 ΣΤΡΟΓΓΥΛΟ ΤΡΑΠΕΖΙ Ι**

**Νοσηλευτική διαχείριση ασθενών με περιφερική αρτηριοπάθεια**

Προεδρείο: **Κυριακή Καλιγιάννη,  
Ελένη Πισιμίση,  
Βασιλική Μυταρά**

09:01-09:15 Παράγοντες κινδύνου περιφερικής αρτηριοπάθειας  
**Μαρία Δαρειώτη**

09:16-09:30 Κλινική αξιολόγηση αγγειακού ασθενή  
**Δήμητρα Μέστρου**

09:31-09:45 Νοσηλευτική φροντίδα ασθενών με περιφερική αρτηριοπάθεια  
**Δημήτριος Τσαγκαράκης**

09:46-10:00 Εκπαίδευση ασθενών με περιφερική αρτηριοπάθεια  
**Λεωνίδας Χαλκιαδάκης**

10:01-10:15 Προληπτικά μέτρα για το διαβητικό πόδι  
**Γεωργία Μάρκου**

10:16-10:45 *Συζήτηση*

**10:45-11:00 ΔΙΑΛΕΞΗ Ι**

**Πολυπαραγοντική αντιμετώπιση λεμφοιδήματος: Η εμπειρία του Κέντρου του Πανεπιστημιακού Γενικού Νοσοκομείου Λάρισας**

Προεδρείο: **Σπυρίδων Βασδέκης,  
Ελένη Κλέτσιου**

Ομιλήτρια: **Μαρία-Χριστίνα Παπαδοπούλου**

**11:00-11:30 Διάλειμμα - Καφές**

- 11:30-12:00 ΔΙΑΛΕΞΗ II**  
Περιφερικά εισερχόμενοι κεντρικοί  
καθετήρες υπό υπερηχογραφική  
καθοδήγηση  
Προεδρείο: **Ανδρέας Λάζαρης,**  
**Ευάγγελος Κωνσταντίνου**  
Ομιλητής: **Θεόδωρος Κατσούλας**
- 12:00-13:30 ΣΤΡΟΓΓΥΛΟ ΤΡΑΠΕΖΙ II**  
**Εν τω βάθει φλεβική θρόμβωση: Τι πρέπει να  
γνωρίζουν οι νοσηλευτές**  
Προεδρείο: **Ιωάννης Κακίσης,**  
**Νικόλαος Γράσσος,**  
**Αναστασία Μαντέλου**
- 12:01-12:15 Κλινική εικόνα, σημεία και συμπτώματα εν τω  
βάθει φλεβικής θρόμβωσης  
**Ιωάννα Τσέκα**
- 12:16-12:30 Προληπτικά μέτρα για την αποφυγή της  
φλεβικής θρόμβωσης  
**Στέλλα Γεωργίου**
- 12:31-12:45 Αντιπηκτική θεραπεία και αγωγή  
**Βενετία Ζώη**
- 12:46-13:00 Νοσηλευτικές παρεμβάσεις για τη διαχείριση  
της εν τω βάθει φλεβικής θρόμβωσης στο  
νοσοκομείο και την κοινότητα  
**Ευδοξία Κράνη**
- 13:01-13:15 Θεραπεία φλεβικών ελκών με ελαστική  
περίδεση πολλαπλών στρωμάτων  
**Ρουμιάνα Σάλτα-Στάνκοβα,**  
**Μαρία-Χριστίνα Παπαδοπούλου**
- 13:16-13:30 *Συζήτηση*

### **Alevizou Anastasia**

*Consultant Anaesthesiologist, Department of Anaesthesia and Cardiovascular Critical Care, Attikon University Hospital of Athens, Athens, Greece*

### **Altarazi Louay**

*Founder, Orient Society for Vascular Surgery, Director, Orient Endovascular Symposium "OES", Head, Syrian Endovascular Chapter & Arab Endovascular Group, Syria*

### **Ambatziadou Georgia**

*Nurse, Department of Vascular Surgery, University Hospital of Larissa, Larissa, Greece*

### **Arnaoutoglou Eleni**

*Associate Professor of Anaesthesiology, Faculty of Medicine, School of Health Sciences, University of Ioannina, Ioannina, Greece*

### **Bessias Nikolaos**

*Vascular Surgeon, Director, Department of Vascular Surgery, Red Cross General Hospital of Athens, Athens, Greece*

### **Bisdas Theodosios**

*Resident in Vascular Surgery, Clinic for Vascular and Endovascular Surgery, Munster University Hospital & St. Franziskus Hospital, Munster, Germany*

### **Comerota Anthony**

*Adjunct Professor of Surgery, University of Michigan, Director, Jobst Vascular Institute, ProMedica Toledo Hospital, Toledo, Ohio, USA*

### **Davidovic Lazar**

*Professor of Vascular Surgery, School of Medicine, Faculty of Medical Sciences, University of Belgrade, Chief, Clinic for Vascular and Endovascular Surgery, Clinical Centre of Serbia, Belgrade, Serbia*

### **Davis Meryl**

*Consultant Vascular Surgeon, Royal Free Hospital and the North Middlesex University Hospital NHS Trust, Royal Free Hospital, London, UK*

### **Donas Konstantinos**

*Assistant Professor of Vascular Surgery, Munster University, Clinic for Vascular and Endovascular Surgery, Munster University Hospital & St. Franziskus Hospital, Munster, Germany*

### **Elias Steve**

*Assistant Professor of Clinical Surgery, Director, Vascular Surgery Vein Programs, Division of Cardiac, Thoracic and Vascular Surgery, Columbia University Medical Center, New York, USA*

### **Filis Konstantinos**

*Assistant Professor of Vascular Surgery, Faculty of Medicine, School of Health Sciences, University of Athens, Athens, Greece*

### **Gasparis Antonios**

*Professor of Surgery, Division of Vascular Surgery, Assistant Chief Medical Officer, Director, Stony Brook Vein Center, Stony Brook University Medical Center, New York, USA*

### **Geogopoulos Dimitrios-Solon**

*Vascular Surgeon, f. Director, Department of Vascular Surgery, Konstantopouleio-Agia Olga General Hospital of N. Ionia, Athens, Greece*

### **Georgopoulos Sotirios**

*Associate Professor of Vascular Surgery, Faculty of Medicine, School of Health Sciences, University of Athens, Athens, Greece*

### **Geroulakos George**

*Clinical Reader in Vascular Surgery, Imperial College of Science Technology and Medicine, Consultant Vascular Surgeon: Imperial College Healthcare NHS Trust, North West London Hospitals NHS Trust, Ealing Hospital NHS Trust, London, UK*

### **Giannoukas Athanasios**

*Professor of Vascular Surgery, Faculty of Medicine, School of Health Sciences, Aristotle University of Thessaloniki, Thessaloniki, Greece*

### **Gougoulakis Alexandros**

*Assistant Professor of Vascular Surgery, Athens, Greece*

### **Grego Franco**

*Professor of Vascular Surgery, Department of Cardiac, Thoracic and Vascular Sciences, Faculty of Medicine and Surgery, University of Padua, Padua, Italy*

### **Kakisis Ioannis**

*Associate Professor of Vascular Surgery, Faculty of Medicine, School of Health Sciences, University of Athens, Athens, Greece*

### **Kakkos Stavros**

*Assistant Professor of Vascular Surgery, Faculty of Medicine, School of Health Sciences, University of Patras, Patras, Greece*

### **Karavias Dimitrios**

*Resident in Vascular Surgery, Department of General Surgery, University Hospital of Patras, Rion, Patras, Greece*

### **Kardoulas Dimitrios**

*Biomedical Engineer, Department of Vascular Surgery, Faculty of Medicine, School of Health Sciences, University of Crete, Herakleion, Greece*

### **Karkos Christos**

*Lecturer in Vascular Surgery, Faculty of Medicine, School of Health Sciences, Aristotle University of Thessaloniki, Thessaloniki, Greece*

### **Karnabatidis Dimitrios**

*Associate Professor of Radiology, Department of Radiology, Faculty of Medicine, School of Health Sciences, University of Patras, Patras, Greece*

### **Katsamouris Asterios**

*Professor of Vascular Surgery, Faculty of Medicine, School of Health Sciences, Aristotle University of Thessaloniki, Thessaloniki, Greece*

### **Katsargyris Athanasios**

*Resident in Vascular Surgery, Department of Vascular & Endovascular Surgery, Paracelsus Medical University, Nuremberg, Germany*

### **Katsenis Konstantinos**

*Associate Professor of Vascular Surgery, Faculty of Medicine, School of Health Sciences, University of Athens, Athens, Greece*

### **Klonaris Christos**

*Associate Professor of Vascular Surgery, Faculty of Medicine, School of Health Sciences, University of Athens, Athens, Greece*

### **Kontothanassis Dimitrios**

*Professor of Vascular Surgery, General Director, Mediclinic Hospital, Ferrara, Italy*

### **Kopadis Georgios**

*Vascular Surgeon, Director, Department of Vascular Surgery, G. Gennimatas General Hospital of Athens, Athens, Greece*

### **Kotsis Thomas**

*Assistant Professor of Vascular Surgery, Faculty of Medicine, School of Health Sciences, University of Athens, Athens, Greece*

### **Koutsias Stylianos**

*Lecturer in Vascular-Endovascular Surgery, Faculty of Medicine, School of Health Sciences, University of Thessaly, Larissa, Greece*

### **Kouvelos George**

*Resident in Vascular Surgery, Vascular Division, First Surgical Department, Laiko General Hospital of Athens, Athens, Greece*

### **Krokidis Miltiadis**

*Consultant Vascular and Interventional Radiologist, Cambridge University Hospitals NHS Foundation Trust, Department of Radiology, Addenbrooke's Hospital, Cambridge, UK*

### **Ktenidis Kyriakos**

*Associate Professor of Vascular Surgery, Faculty of Medicine, School of Health Sciences, Aristotle University of Thessaloniki, Thessaloniki, Greece*

### **Labropoulos Nicos**

*Professor of Surgery and Radiology, Director, Vascular Laboratory, Department of Surgery, Stony Brook University Medical Center, New York, USA*

### **Lammer Johannes**

*Professor of Radiology, Director of Cardiovascular and Interventional Radiology, Vicechairman, Department of Biomedical Imaging and Image-guided, Therapy Medical University Vienna, Vienna, Austria*

### **Lazarides Miltos**

*Professor of Vascular Surgery, Faculty of Medicine, School of Health Sciences, Democritus University of Thrace, Alexandroupolis, Greece*

### **Lazaris Andreas**

*Assistant Professor of Vascular Surgery, Faculty of Medicine, School of Health Sciences, University of Athens, Athens, Greece*

### **Maltezos Chrysostomos**

*Vascular Surgeon, Director, Department of Vascular Surgery, KAT General Hospital of Athens, Athens, Greece*

### **Matsagkas Miltiadis**

*Associate Professor of Vascular Surgery, Faculty of Medicine, School of Health Sciences, University of Ioannina, Ioannina, Greece*

### **Meissner Mark**

*Professor of Vascular Surgery, Department of Surgery, University of Washington, Seattle, Washington, USA*

### **Moore Wesley**

*Professor and Chief Emeritus, Division of Vascular Surgery, UCLA, Los Angeles, USA*

### **Oikonomou Kyriakos**

*Resident in Vascular Surgery, Department of Vascular & Endovascular Surgery, Paracelsus Medical University, Nuremberg, Germany*

### **Palombo Domenico**

*Professor of Vascular Surgery, School of Medicine, University of Genoa, Genoa, Italy, President of the European Society for Cardiovascular and Endovascular Surgery (ESCVS)*

### **Pantazi Angeliki**

*Assistant Professor of Anaesthesiology, Faculty of Medicine, School of Health Sciences, University of Athens, Athens, Greece*

### **Papadopoulou Maria-Christina**

*Physiotherapist, Lymphoedema Center, Department of Vascular Surgery, University Hospital of Larissa, Larissa, Greece*

### **Papapavlou Prodromos**

*Vascular Surgeon, Director, Department of Vascular Surgery, Metropolitan Hospital of Athens, Athens, Greece*

### **Papavassiliou Vassilios**

*Consultant Vascular Surgeon, Department of Vascular Surgery, Sismanoglio-A. Fleming General Hospital of Athens, Greece*

### **Papazoglou Konstantinos**

*Associate Professor of Surgery-Vascular Surgery, Faculty of Medicine, School of Health Sciences, Aristotle University of Thessaloniki, Thessaloniki, Greece*

### **Pappas Apostolos**

*Biologist, Marketing Manager, Elpen Pharmaceuticals Co. Inc.*

### **Perdikides Theodosios**

*Vascular Surgeon, Director, Department of Vascular Surgery, 251 Hellenic Airforce General Hospital, Athens, Greece*

### **Pitoulias Georgios**

*Lecturer in Vascular Surgery, Faculty of Medicine, School of Health Sciences, Aristotle University of Thessaloniki, Thessaloniki, Greece*

### **Sakalihan Natzi**

*Professor of Cardiovascular Surgery, School of Medicine, Sart-Tilman University, Liege, Belgium*

### **Salta-Stankova Roumiana**

*Physiotherapist, Lymphoedema Center, Department of Vascular Surgery, University Hospital of Larissa, Larissa, Greece*

### **Sandmann Wilhelm**

*Emeritus Professor of Surgery, "Heinrich-Heine" University of Dusseldorf, Dusseldorf, Germany*

### **Spiliopoulos Stavros**

*Board Certified Interventional Radiologist, Department of Interventional Radiology, Patras University Hospital, Rion, Patras, Greece*

### **Stamos Dimitrios**

*Consultant Vascular Surgeon, Department of Vascular Surgery, Konstantopouleio-Agia Olga General Hospital of N. Ionia, Athens, Greece*

### **Stergiopoulos Nikolaos**

*Professor of Biomedical Engineering, Laboratory of Hemodynamics and Cardiovascular Technology, Swiss Federal Institute of Technology, Lausanne, Switzerland*

### **Szendro Gabriel**

*Professor of Vascular Surgery, Head, Vascular Surgery Department, Soroka Medical Center, Ben-Gurion University of the Negev, Beer Sheva, Israel*

### **Tassiopoulos Apostolos**

*Professor and Chief, Division of Vascular Surgery, Program Director Vascular Surgery Residency & Fellowship, Stony Brook University Medical Center, New York, USA*

### **Tsetis Dimitrios**

*Associate Professor of Interventional Radiology, Faculty of Medicine, School of Health Sciences, University of Crete, Heraklion, Greece*

### **Tsolakis Ioannis**

*Professor of Vascular Surgery, Faculty of Medicine, School of Health Sciences, University of Patras, Patras, Greece*

### **Tzilalis Vasilios**

*Vascular - Endovascular Surgeon, Head, Department of Vascular Surgery, 401 General Army Hospital of Athens, Athens, Greece*

### **Vasdekis Spyros**

*Associate Professor of Vascular Surgery, Faculty of Medicine, School of Health Sciences, University of Athens, Athens, Greece*

### **Veller Martin**

*Professor of Vascular Surgery, Head, Department of Surgery, University of Witwatersrand, Johannesburg, South Africa*

### **Verhagen Hence**

*Professor and Chief of Vascular Surgery, Erasmus University Medical Center of Rotterdam, Rotterdam, The Netherlands*

### **Verhoeven Eric**

*Vascular Surgeon, Director, Department of Vascular & Endovascular Surgery, Klinikum Nurnberg Sud, Nuremberg, Germany*

### **Vogiatzaki Theodosia**

*Associate Professor of Anaesthesiology, Faculty of Medicine, School of Health Sciences, Democritus University of Thrace, Alexandroupolis, Greece*

### **Wilmink Teun**

*Consultant Vascular Surgeon, Birmingham Heartlands Hospital, Birmingham, UK*

### **Wittens Cees**

*Professor of Venous Surgery, Head, Department of Venous Surgery, Maastricht University Medical Center, Maastricht, The Netherlands*

### **Wolfe John**

*Consultant Vascular Surgeon, Department of Vascular Surgery, Imperial College Healthcare NHS Trust, St Mary's Hospital, London, UK*

# LUTONIX<sup>®</sup> Drug Coated Balloon

Science Behind Outcomes<sup>™</sup>

30 Second Inflation for a Therapeutic Dose of Paclitaxel

Next Generation Drug Coating Technology with **Immediate Drug Delivery and Long Term Patency\***

**Reliable Balloon Performance and Proven Safety** in Clinical Trials

Treats Lesions **Where Stents are not a Viable Solution**

**Conventional Procedure** - Similar to a Standard Angioplasty

**Proprietary Coating of 2  $\mu\text{g}$  per  $\text{mm}^2$  Paclitaxel** with Polysorbate and Sorbitol Carriers

\* Data on file. Bench test results may not necessarily be indicative of clinical performance. Different tests may yield different results. Long-term is defined as 24-months.

uniform drug delivery **PROPRIETARY COATING TECHNOLOGY**

In Vivo administration of fluorescent labeled Paclitaxel drug coated balloon to the artery harvested one hour after deployment shows uniform delivery to endoluminal surface.
